Basic Information

- Place of Origin: China
- Brand Name: JAEN
- Certification: CE, ISO
- Model Number: 2 Axles/ 3 Axles/ 4 Axles
- Minimum Order Quantity: 1 pc
- Price: Negotiationable
- Packaging Details: Protecting film
- Delivery Time: 25-35 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Tire: 12R22.5/ 11.00R20 8pcs
- Max Payload: 60T/80T/100T/150T
- Kin Pin: 2" / 3.5" Bolt Type
- Landing Gear: 28 Tons Two Speed
- Main Beam: Q345B/ T700 Steel
- Function: Transport Heave Duty Machinery
- Leaf Spring: 90mm Width*13/16mm Thickness*10 Layer
- Advantage: The Cargo Platform Is Lower Than Others, It Is Applicable For Unsound Road Condition, And Ensuring The Stablenessof The Transportation.
- Highlight: **40 Foot Container Flatbed Semi Trailer, Heavy Duty Flatbed Semi Trailer**

Product Description

Product Description:

Low Bed Semi Trailer - Heavy Duty Machinery Transport

The Low Bed Semi Trailer, also known as lowboy trailer or low-loader trailer, is a type of specialized vehicle carrier designed for transporting heavy duty machinery. Made with high-strength steel, this trailer is able to withstand heavy loads without compromising its structural integrity.

With advanced brake system and reliable performance, the Low Bed Semi Trailer is the perfect choice for transporting heavy equipment and machinery over long distances. It is designed to provide safe and efficient transportation for a variety of industries, including construction, mining, and agriculture.

Here are some key features of the Low Bed Semi Trailer:

Braking System: The trailer is equipped with a double air chamber, brake valve, and 45L air tanks, ensuring quick and responsive braking. ABS is also available as an optional feature for enhanced safety.

Main Beam: Made with Q345B or T700 steel, the main beam of the trailer is incredibly strong and durable, able to handle heavy loads with ease.

Brake System: The trailer uses a relay valve for its brake system, providing reliable and efficient braking performance.

Axle: The Low Bed Semi Trailer can be customized with 2, 3, or 4 axles, depending on the specific needs of the customer.

Function: As its name suggests, the main function of the Low Bed Semi Trailer is to transport heavy duty machinery, such as excavators, bulldozers, and cranes.

With its low bed design, this trailer is able to accommodate tall and oversized equipment, making it a versatile and essential tool for various industries. Its sturdy construction and advanced features ensure that it can withstand the rigors of long-distance transportation.

Product Name	Low Bed Semi Trailer
Material	High-strength steel (Q345B/T700)
Brake System	Double air chamber, brake valve, 45L air tanks; ABS optional
Brake System	Relay valve
Axle	2 axles, 3 axles, or 4 axles
Function	Transport heavy duty machinery

If you are in need of a reliable and efficient way to transport heavy machinery, the Low Bed Semi Trailer is the perfect solution. Its high-strength construction and advanced brake system make it a safe and durable choice for all your transportation needs.

Features:

Product Name: Low Bed Semi Trailer

Material: Steel

Suspension: Mechanical Suspension Or Air Suspension

Advantage: The Cargo Platform Is Lower Than Others. It Is Applicable For Unsound Road Condition, And Ensuring The Stableness of

The Transportation.
Max Payload: 60T/80T/100T/150T
Low-loader trailer for efficient transportation of heavy equipment
Low bed vehicle carrier for safe and stable transport of large cargo
Drop deck trailer for easy loading and unloading of heavy goods
Heavy duty transport for heavy and oversized machinery
Heavy equipment transport for construction and industrial needs
Multi-axle trailer for increased load capacity and stability

Technical Parameters:

Product name	Low Bed Semi Trailer
Leaf spring	90mm Width * 13/16mm Thickness * 10 Layer
Ladder	Hydraulic or Mechanical Spring Ladder
Electrical	LED Light, 24 V
Kin pin	2" / 3.5" Bolt Type
Landing gear	28 Tons Two Speed
Advantage	The Cargo Platform Is Lower Than Others, It Is Applicable For Unsound Road Condition, And Ensuring The Stableness Of The Transportation.
Axle	2 Axles or 3 Axles or 4 Axles
Main Beam	Q345B/ T700 Steel
Max Payload	60T/80T/100T/150T

Keywords	Description
Low bed vehicle carrier	A type of semi trailer with a low cargo platform, designed for transporting oversized and heavy equipment or cargo.
Low platform trailer	Another term for low bed semi trailer, emphasizing its low cargo platform design.
Low bed tandem trailer	A type of low bed semi trailer with a tandem axle configuration, providing greater stability and weight distribution for heavy loads.

Applications:

Low Bed Semi Trailer - JAEN

The JAEN Low Bed Semi Trailer is a heavy duty equipment trailer designed for the transportation of construction machinery and other heavy loads. Its low platform and sturdy structure make it suitable for use in challenging road conditions, ensuring the stability of the transportation process.

Our Low Bed Semi Trailer is available in 2, 3, or 4 axles, providing different load capacities and configurations to meet your specific transportation needs. The trailer also comes with a mechanical or air suspension system, allowing for smoother and safer transport even on rough roads.

At JAEN, we pride ourselves on providing high-quality products that meet international standards. Our Low Bed Semi Trailer is certified with CE and ISO, ensuring its durability and reliability. We also offer a minimum order quantity of just 1 pc, making it accessible to businesses of all sizes.

Brand Name	JAEN
Model Number	2 Axles/ 3 Axles/ 4 Axles
Place of Origin	China
Certification	CE, ISO
Minimum Order Quantity	1 pc
Price	Negotiable
Packaging Details	Protecting film
Delivery Time	25-35 days
Payment Terms	T/T
Supply Ability	50 sets per month
Landing Gear	28 Tons Two Speed
Suspension	Mechanical Suspension Or Air Suspension
Electrical	LED Light, 24 V
Material	Steel

The JAEN Low Bed Semi Trailer is a reliable and cost-effective solution for transporting heavy equipment and machinery. Its low platform design and durable construction make it a preferred choice for businesses in the construction, mining, and agriculture industries.

With our low bed tandem trailer, you can easily transport oversized and overweight loads, saving you time and money on transportation costs. Its heavy haul capabilities and low loader design make it a versatile option for various applications and industries.
