

Durable Used Bucket Wheel Loaders With Hydrostatic Transmission

Our Product Introduction

for more products please visit us on useddumpertruck.com

Basic Information

- Place of Origin: CHINA
- Brand Name: JAEN
- Certification: CE, ISO
- Model Number: CAT/Komatsu/Kawasaki/SDLG
- Minimum Order Quantity: 1 pc
- Price: Negotiationable
- Packaging Details: Nude
- Delivery Time: 15-35 days
- Payment Terms: T/T
- Supply Ability: 100 sets per month

Product Specification

- Bucket Capacity: 3-5.5 M3
- Moving Type: Wheel Loader
- Condition: Used
- Type: Front Loader
- Model: CAT/Komatsu/Kawasaki/SDLG
- Application: Construction Works, Mining, Home Use, Retail
- Transmission: Hydrostatic Transmission
- Engine: Original Engine
- Highlight: **Durable Used Bucket Wheel Loaders, Wheel Loaders With Hydrostatic Transmission**

Product Description

Product Description:

Used Wheel Loaders

Contact Us

If you are in need of a reliable and cost-effective solution for your construction projects, look no further than our Used Wheel Loaders.

These high-quality machines are carefully selected and inspected by our team of experts to ensure their excellent performance and durability. With a wide range of models and brands available, we are confident that we can find the perfect fit for your specific needs.

Our Used Bucket Wheel Loaders are equipped with original engines, providing powerful and efficient performance. The engine brands we offer include CAT, Komatsu, Kawasaki, and SDLG, all of which are renowned for their reliability and longevity. You can trust that our used wheel loaders will deliver exceptional results in any construction site.

Each of our used scoop loaders and skip loaders is in excellent condition, allowing you to save on costs without compromising on the quality of your equipment. Our team carefully inspects and maintains all of our used construction equipment to ensure that they are in top working condition. You can have peace of mind knowing that our wheel loaders will perform at their best and help you complete your projects efficiently.

The hydrostatic transmission of our used wheel loaders allows for smooth and seamless gear shifts, making it easier for operators to control the machine. This feature also helps reduce fuel consumption, lowering your overall costs. With a bucket width of 3.2m, our used wheel loaders offer a wide range of loading capabilities, making them suitable for various construction tasks.

At our company, we are committed to providing our clients with the best quality used construction equipment. Our Used Wheel Loaders are no exception. With their excellent performance, durability, and cost-effectiveness, they are the perfect solution for any construction project. Contact us today to learn more about our available models and brands, and let us help you find the right used wheel loader for your business.

JAEN offers customized services for used wheel loaders, also known as used front loaders, used wheel shovels, and used shovel loaders. Our products are available in various models including CAT, Komatsu, Kawasaki, and SDLG, all made in China and certified with CE and ISO standards.

We have a minimum order quantity of 1 pc and our prices are negotiable. The used wheel loaders will be packaged in nude and delivered within 15-35 days. Payment can be made through T/T and we have a supply ability of 100 sets per month.

All our used wheel loaders come with original engines and have a bucket capacity ranging from 3-5.5 M3. The power options are 55, 95, 92, or 195KW, and we also offer optional power choices. Our wheel loaders are designed for easy movement and have a bucket width of 3.2m.

Packing and Shipping:

Packaging and Shipping for Used Wheel Loaders

Our used wheel loaders are carefully packaged and shipped to ensure safe delivery to our customers. Here is a breakdown of our packaging and shipping process:

Packaging:

All used wheel loaders are thoroughly inspected and cleaned before packaging.

The wheel loaders are then wrapped in protective materials to prevent damage during transit.

Any loose parts or attachments are securely fastened to the loader or placed in a separate box.

The loader is then placed in a sturdy, custom-made wooden crate for added protection.

Shipping:

We offer both domestic and international shipping options.

For domestic shipments, we use trusted freight carriers to ensure timely and safe delivery.

For international shipments, we work with experienced shipping companies to ensure proper documentation and handling.

Customers have the option to choose between air, sea, or land transportation for their shipment.

Tracking information will be provided to the customer once the shipment has been processed.

At Used Wheel Loaders, we take great care in packaging and shipping our products to ensure they arrive in excellent condition. If you have any questions or concerns about our packaging and shipping process, please don't hesitate to contact us.
